

# VOLVO BALL JOINT (N84-80116)

## THE NAKATA DIFFERENCE

- Ball joint supplied with kingpin bolt
- The equivalent part from many other suppliers does not include the this bolt

## WHY IS THE KINGPIN BOLT INCLUDED?

- Essential safety component (ensures the ball joint remains securely locked into the steering knuckle)
- Often specified by Volvo as a single-use stretch bolt
- May corrode or seize during removal
- Correct clamping force is essential for suspension safety

## APPLICATIONS

- VOLVO S60 (00-10)
- VOLVO S80 (98-08)
- V70 (97-08)
- XC70 Cross Country (97-07)
